SHOP-IN-SHOP MODULES

04.2021 - VERSION 2

SIS

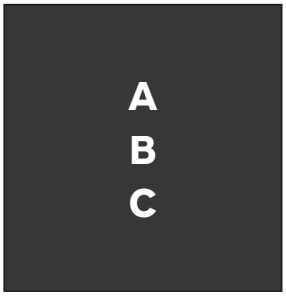
LYFA

OVERVIEW

04.2021 - VERSION 2

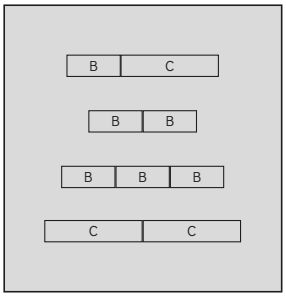
DESIGNED BY GAMFRATESI

The LYFA shop-in-shop module concept is designed by the Danish-Italian design duo, GamFratesi. Oak is the primary material chosen to emphasize the proud traditions, craftsmanship and Nordic express of LYFA



THREE SIZES

The modules comes in three different sizes:
One free-standing and two wall modules.

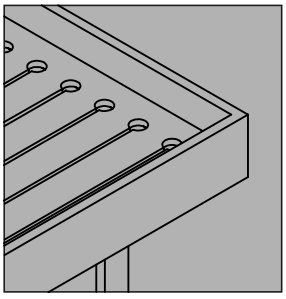


MODULAR SYSTEM

The B and C wall modules can be placed next to each other creating a modular system that fit the required measurements.

OAK VENEER

Fronts and sides of the shop-in-shop modules are made of oak veneered mdf. Top and bottom are grey laminate.



NO VISIBLE CABLES

Cables are elegantly hidden on the top, behind or under for an elegant display of lamps. A small hole in the top is for easy rearrangement or replacement of pendants.

LYFA
