# Illuminating Traditions

Founded in 1903, LYFA is Denmark's oldest lighting company—a pioneer in creating timeless lighting designs that have shaped Danish interiors for over a century. From its early days as Kjøbenhavns Lampe- og Lysekronefabrik (Copenhagen Lamp and Chandelier Factory) to its collaborations with iconic designers like Bent Karby, Piet Hein, and Simon P. Henningsen, LYFA has always stood for craftsmanship, innovation, and quality. Its award-winning designs became hallmarks of Danish modernism, combining functional light with sculptural beauty.

After a period of closure, LYFA was relaunched in 2020 with a curated selection of iconic designs spanning from 1946 to 1978. Staying true to the brand's legacy, each piece reflects decades of design heritage—revived with respect for original pieces, materials, and intent. Today, LYFA continues to shape modern lightscapes while honouring its past.

## TOTON

by GamFratesi 2025

TOTON is inspired by the idea of transforming musicality into light, blending rhythm, harmony, and presence into a single object. Like a deep note vibrating through space, this large pendant lamp creates an enveloping and sophisticated atmosphere. Its form features a large metal lens on top, designed to diffuse light evenly and softly downwards. Below, a fabric element adds warmth and texture, complemented by a refined bronze detail that completes the design with a touch of elegance.

**RYFF**  
by GamFratesi 2025

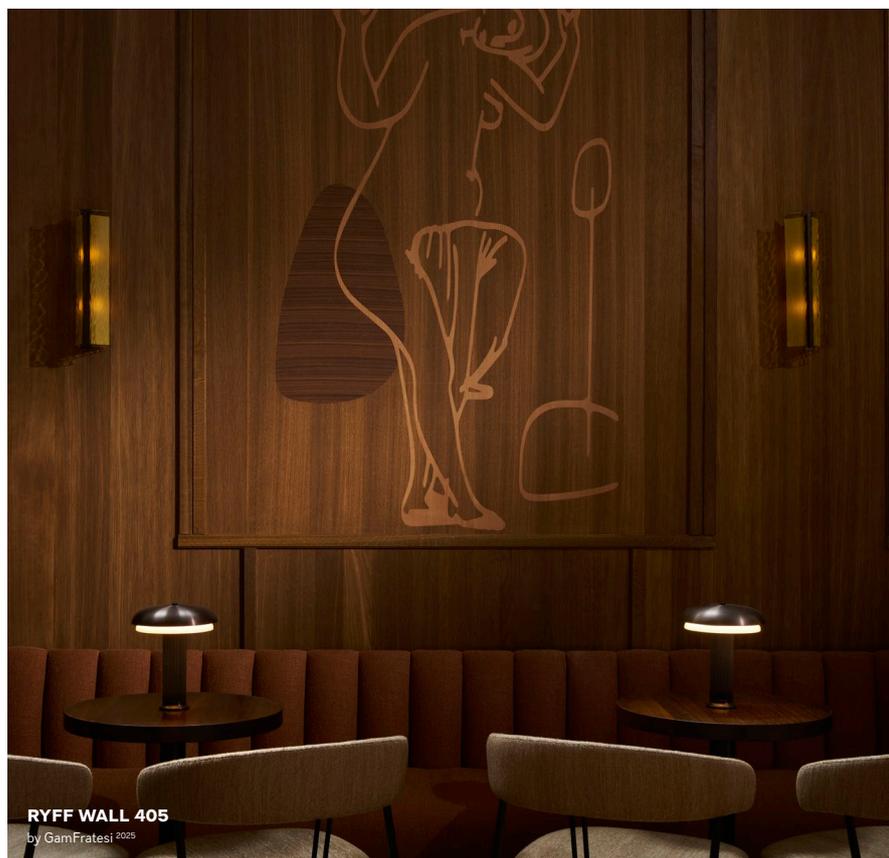

RYFF is a wall lamp that captures the rhythm and texture of music through the delicate craftsmanship of glass. Its sculpted surface, reminiscent of sound waves or the flowing movement of a musical composition, plays with light and shadow to create a dynamic visual harmony. The name RYFF is inspired by the musical term "riff," a repeated phrase or pattern that gives structure and character to a melody, much like the lamp's textured glass enriches the ambiance of a space.

## **NOOTE** by GamFratesi 2025

NOOTE is a small rechargeable portable lamp designed for the intimate and refined atmosphere of Epicurus Jazz Club in Copenhagen. Inspired by the spirit of jazz, it blends the timeless elegance of 1930s design with a contemporary reinterpretation, creating a perfect balance between nostalgia and modernity. With its soft, diffused glow and predominantly indirect light, NOOTE enhances intimate settings, offering a warm ambiance that echoes the soulful depth of jazz.

## FUTÉ

by GamFratesi 2024

FUTÉ is a new series of table lamps crafted from a harmonious blend of warm materials, including fabric, ceramic, and intricate metal details. The design by GamFratesi blends elegance and functionality with a versatile structure that complements any setting, whether adorning side tables or shelves. Its thoughtfully placed metal detail not only serves as a technical element, seamlessly connecting different parts of the lamp, but also doubles as a convenient switch.

## MEMOIR

by GamFratesi 2023

MEMOIR is a product family designed by GamFratesi based on a modern take and interpretation of the classic chandelier. At the heart of the design is the gently shaped opal glass shade that evokes a historical typology and romantic spirit. The linear metal structures compose a graphic outline that allows it to be connected in numerous compositions. The simplistic ingenuity of the MEMOIR lighting system bridges decorative details of the past and a sculptural silhouette intended for modern spaces.

## REPOSE

by GamFratesi 2021

REPOSE is a series of opal glass lamps designed by GamFratesi. Its strong sense of character is achieved by the poetic balance point of the thin line crossing the top of the organic shades. Designed to provide a calm atmosphere with its diffused light, graphic expression and soft shapes.

## **ERGO**

by Bent Karlby <sup>1971</sup>

True to its 1970s space-age heritage, the first ERGO lamps came in popping colours and were made entirely from plastic. While retaining its characteristic design language, ERGO has grown into a premium piece of lighting design.

**GOTHIC**  
by Bent Karlby 1970

The name was a reference by Karlby to the gothic architectural style that flourished throughout Europe from the 12th to the 16th century, which was characterized by tall narrow structures with pointed arches. The open top allows for upward lighting that leaves a striking pattern on the wall.

**PAN**  
by Bent Karlby 1970

The PAN series is a beautiful example of Bent Karlby's unique talent for capturing the zeitgeist of an area and turning it into designs that would come to transcend their inspiration. The monochrome surfaces of anodized aluminium transform the PAN series into contemporary design pieces for modern living.

## CORNEA

by Henning Koppel 1965

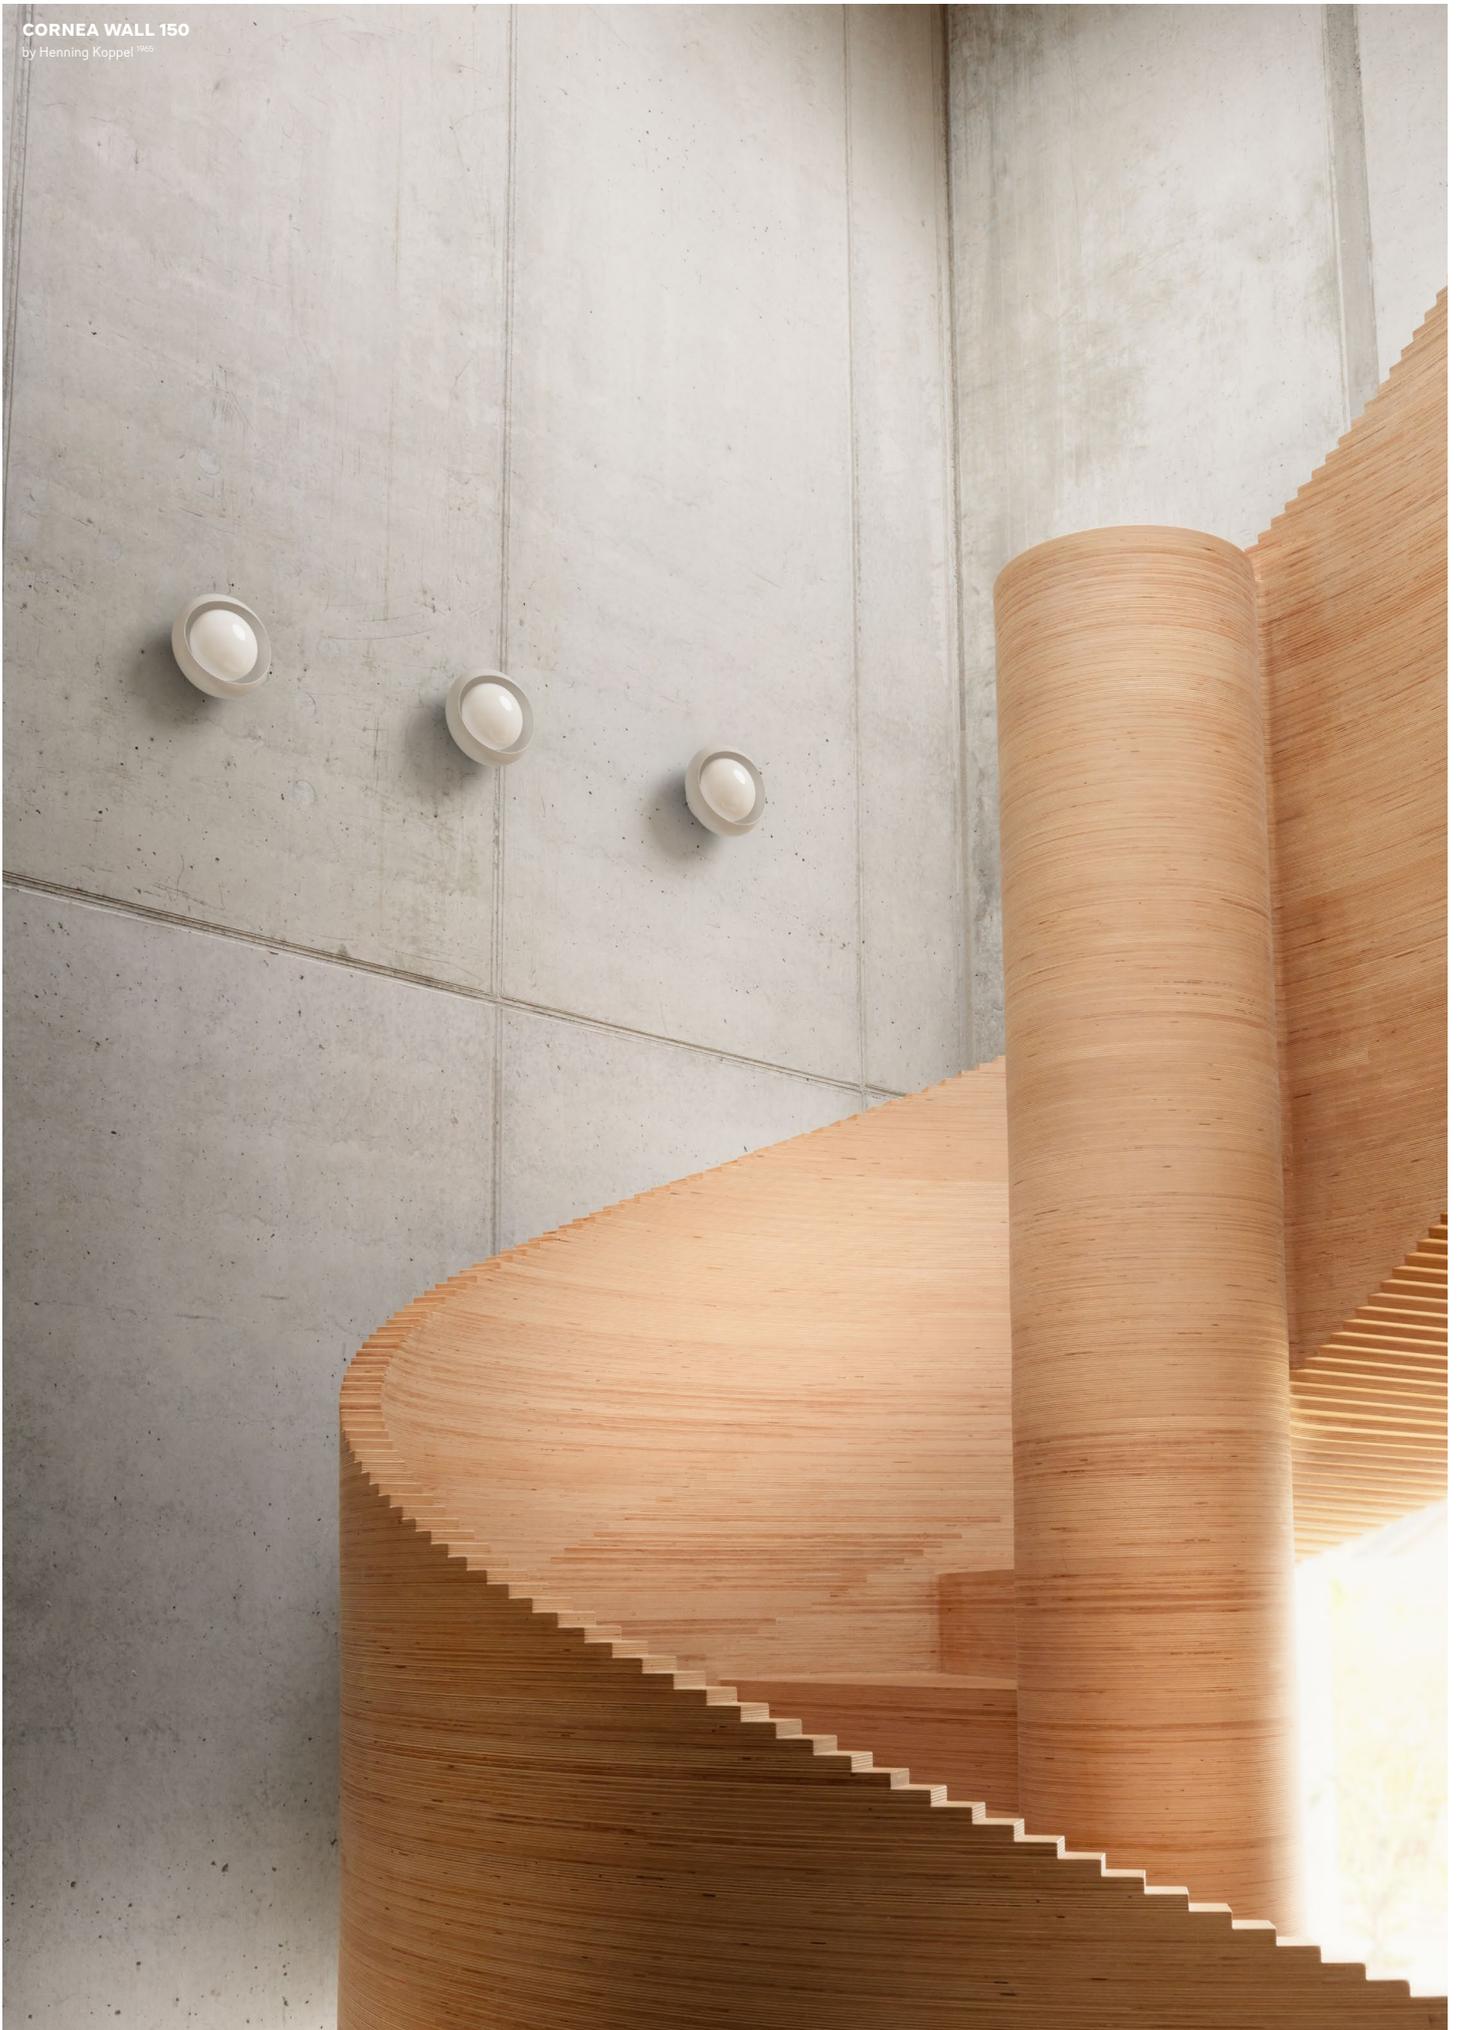

CORNEA was designed by the renowned sculptor Henning Koppel in 1965 and is one of his rare lighting designs. The circular wall light is shaped with an inner, opal glass shade that provides a comfortable, diffused light. Its distinctive character is achieved by the asymmetric outer shade that encapsulates the soft, white light as two eyelids. The CORNEA lighting design is named as a reference to the transparent part of the human eye, which allows light to enter the inside and enhances sharpness.

## **DIVAN 2**

by Simon P. Henningsen 1962

In 1962, Simon P. Henningsen unveiled a new pendant purposely designed for the Tivoli's famous restaurant, Divan 2. The rooms offered spectacular views over the garden lake and at night, the pendant's mirrored surfaces would catch the light from the famous fireworks and the lake.

The MOSAİK collection is an ingenious lighting system based on a simple, geometrical design principle. At the heart of the system is the iconic conical lampshade and a connecting brass tube that allow for several surprising lamp designs.

## **NINOTCHKA**

by Bent Karlby <sup>1954</sup>

When giving shape to the NINOTCHKA pendant, Bent Karlby took note of an eye-catching hat, worn by the Swedish Hollywood star Greta Garbo in her 1939 film, Ninotchka. The organic body with its asymmetrical drapes ensures functional direct downlight and an ambient uplight.

## SUNDOWNER

by Jørn Utzon 1948

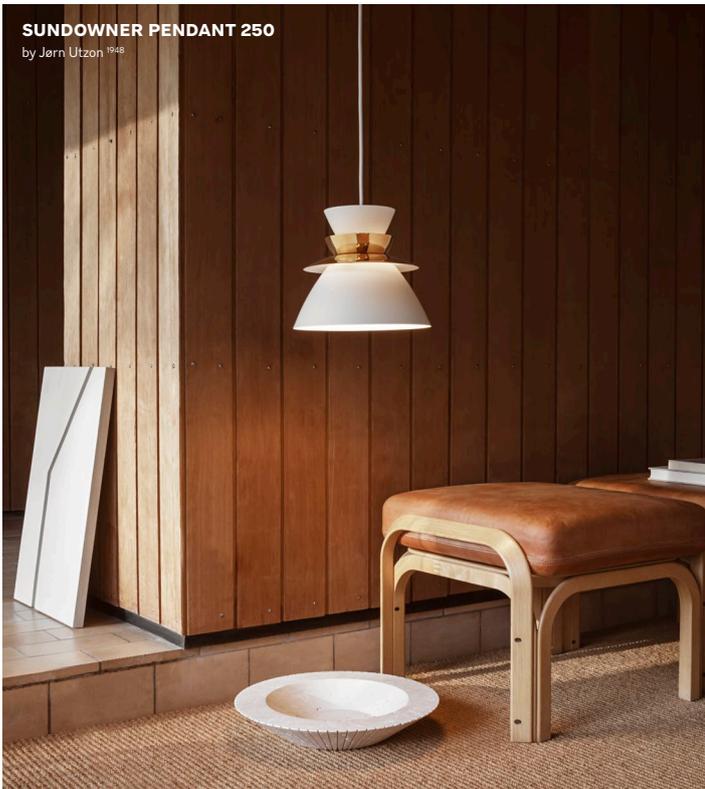

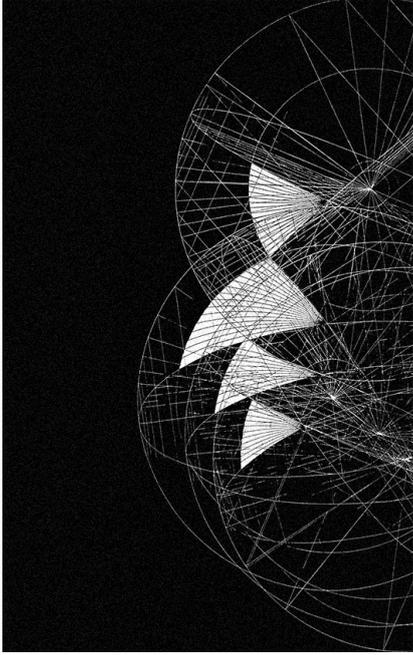

SUNDOWNER is designed by Jørn Utzon in 1948. The soft curves and opposite-facing shades are designed prior to Utzon's architectural masterpiece, the Sydney Opera House. With its dynamic design, the SUNDOWNER pendant expresses a clear linkage to the unique shell structures that adorn the Sydney Harbour.

## PEANUT

by Bent Karlby 1946

Introduced in 1946 at a time when fluorescent lighting was gaining widespread popularity across society. Bent Karlby shared a strong distaste for this harsh and cold lighting. With its organic shapes and elegant brass detailing, the PEANUT pendant became his solution for soft and pleasant room lighting that was equally appealing to look at.

## Warranty

LYFA offers a two-year limited warranty against manufacturing defects on all standard lighting products (materials and construction).

This warranty does not cover normal wear and tear, changes in finish over time, damage caused by incorrect installation, misuse, or indirect damage to persons or property.

The warranty is void if the product has been modified, improperly installed, or used contrary to LYFA's instructions and guidelines.

## Risk of Goods

All products remain the property of LYFA until full payment has been received.

The risk of loss or damage passes to the customer upon delivery.

## Returns

LYFA does not accept returns.

All orders are considered final once confirmed, and we do not offer refunds or exchanges unless a product is proven to be defective or incorrectly delivered.

## Force Majeure

LYFA is not liable for any delay or failure in delivery caused by events beyond our reasonable control. This includes, but is not limited to, war, terrorism, natural disasters, pandemics, strikes, transport disruptions, supplier delays, or government-imposed restrictions.

If such circumstances prevent or significantly hinder LYFA's ability to fulfil an order, LYFA shall not be held responsible for any resulting loss or compensation.

If a Force Majeure event continues for more than 90 consecutive days, either party may cancel the affected order by giving written notice, without liability.

## Marketing & Brand Assets

All marketing materials, images, logos, and product data shared by LYFA remain the intellectual property of LYFA.

Partners may use LYFA brand assets solely for the promotion and sale of LYFA products and in accordance with brand guidelines.

LYFA reserves the right to request the removal or modification of any brand representation that does not comply with these guidelines.

## Digital Resources

Product images, technical data sheets, installation guides, and 3D/CAD files are available at [lyfa.com](https://lyfa.com).

Simply navigate to the bottom of the homepage and click on For Professionals to access all relevant downloads.

The LYFA logo is rendered in a tall, thin, outlined font. The letters are spaced out, with the 'Y' and 'F' having a distinctive shape where the vertical strokes are thin and the horizontal bars are also thin and slightly curved.
